FRANK BATH for his super ONIONS**

TALLEST SUNFLOWER PHILIPPA HAWKINS 9FT 5”

In spite of the terrible weather knocking the vegetables awry some managed to find plump produce. The tomatoes were particularly good the new Cherry Tomatoes Class proving popular. The Collections though were a casualty some gardeners finding it difficult to get a box together. However with so many new young families joining in, other classes benefited. Flower Arrangements were stunning and Cookery and Preserves proved popular. The Children’s Classes go from strength to strength and the Young Peoples Class was again won by Lily Burgess. One to watch! She’ll be knocking the adults off their perches soon. Well done! I’d definitely go a wedding with the Scarecrow entry he was magnificent! The weather was kind to us. A very good Show indeed.
