A great Show. Weather was kind in spite of the forecast. Mr.Bath did well considering he had only had his hip operation the week before the judge praised him highly for his collection of vegetables, of which there was a good entry this year. Cookery judges Phil and Jane felt Shirley Gadsden's Sponge was outstanding and Christine Heald's entries were of a high standard. Steve continued to keep up his excellence winning the men's cookery yet again. Many more entries this year especially from young families. The Robots and the 'Legs' caused much hilarity so much work had gone into them thank you. The WI produced an outstanding lunch and the PTA's cakes were certainly what the children ordered! All in all a really super show. dt
